STRAIT OF GEORGIA

DUCK BAY

(South Bdy. D.L. 1375) 6322 ft (1927m)

BEACON POINT

CONTOURS

- 100 ft (30 m)
- 75 ft (23 m)
- 50 ft (15 m)
- 35 ft (10 m)
- 25 ft (7.6 m)
- 15 ft (5 m)

Suitable View Areas for Building Locations based on Archaeological, Infrastructure, Ecosystem and Bioclimatic Studies

NOTES

- 1) Final setbacks to be determined by specific building types and site specific geotechnical evaluations by a qualified professional as per OCP.
- 2) Building site locations are approximate.
- 3) Major contour interval 25 feet. Minor contour interval 5 feet. Outside of shoreline area, contours above 60 feet elevation are not shown.
